

# Strategic Prayer for the Largest Frontier People Groups

The Good News of Jesus has been spreading very quickly around the world! Less than 50 years ago, over half of the world's population lived in people groups with no known Jesus movements. This "least-reached" subset of Unreached People Groups is today called Frontier People Groups, or FPGs.

**Today, only one-fourth of the world still lives in FPGs, with virtually no followers of Jesus and still needing pioneer teams.**

About two billion people live in FPGs, and almost a billion of them are concentrated in the few dozen largest FPGs covered in this prayer guide—each over ten million in population. All 300 Mega-FPGs—each over one million—are a strategic pathway for movements to start and spread to the many smaller, neighboring FPGs.

Join thousands of Jesus followers around the world in daily prayer to extend God's blessing to these Mega-Frontier People Groups.
